Original brazilian handcraft! With a width of 1.30 m and a length of 1.60 m, the Artista chair is king size and therefore almost as big as a classical Brazilian hammock. The quadruple stitched ends and the extra thick 400 g/m² woven material guarantee the highest sturdiness, as with all of our Brazilian hammocks.

The Artista chair has a strong 40 mm diameter x 1.10 m long wood bar with a special patented design that secures the ropes and prevents sliding toward the center.

TAURUS

Hanging chair not included

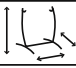

The Taurus frame is the best possible place for suspending your hanging chair. Whether in the drawing room, on the balcony or in the garden, with the Taurus you can suspend your hanging chair anywhere flexibly and securely without any need of trees, ceilings or walls.

The top-quality layer-glued spruce wood comes from sustainably managed European forests. It is resistant to all weathers as a result of dip-impregnation and the galvanised fittings, and is designed to last for years.

The Taurus comes with a specially developed chain suspension system, which can be adjusted in such a way that it is suitable for many AMAZONAS hanging chairs.
