THE EVOLUTION OF OUR BRAND: WHAT WE BELIEVE

Life is hectic, life is busy, and sometimes all we have time for is a few hours on the patio, in the backyard, or a weekend at the cottage. At Vivere Ltd., we believe that balance in life has huge importance in everything we do. Our goal, Relax the World, is also our mantra for living and one that we bring to you.

We are dedicated to providing our customers with the best products and service possible. We are driven to make Vivere Ltd. your first choice for high quality products, provide seamlessly quick shipping, and knowledgeable Hammock Experts available around the clock to answer all your questions. We stand by our beliefs in balancing hard work with fun and we turn to the people we work alongside to how we can contribute to our big picture: whether we're celebrating anniversaries in the office, helping other organizations relax in hammocks, or spending time serving our community, we want everyone to experience that relaxation and balance that we're so passionate about.

The joy of pulling my Vivere Hammock out of the case and setting it up during the summer time is incomparable. It's easy to clean, easy to set-up and comfortable beyond measure. Surprisingly, it's easy to transport as well. I've taken it in my car during long weekend retreats, and even to the beach! The hammock and stand still look and feel new even a full year into use. I know it will be with me for years.
